## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the pertinent arts made of record as well as the Applicant's acknowledged prior art teaches a printing apparatus for printing video data using a chopping unit for generating chopped video data in accordance with a first clock signal obtained by dividing a local clock signal, but fail to teach that the printing apparatus includes a data bus connected to the computer, the data bus having a first data line for conveying the input video data to the printing apparatus and a second data line for conveying dividing ratio data generated by the computer to accompany the input video data, an output port connected to the second data line to receive and store the dividing ratio data, and the second divider for generating a second clock signal by dividing the pulses of said local clock signal in dependence upon the above stored dividing ratio data, wherein the chopping unit receives the input video data, which are previously converted into serial input video data in response to the first clock signal, and generates chopped serial video data in response to said second clock signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
